## 1. HISTORICAL BACKGROUND

St. Francis Xavier Pre and Primary School

### 1.1. THE DIOCESE OF SINGIDA

The Catholic Diocese of Singida is a typical missionary area in Tanzania. It was established on 16<sup>th</sup> December 1972 and presently under the leadership of Bishop Edward Mapunda. It is located in central Tanzania. The population in the whole area is about 1,086,748 of which only 166,460 are Catholics. It has only 28 parishes scattered in an area of some 49,345 sq. km of largely dry and semi – arid region with minimal annual rainfall ranging only between 500mm – 800mm.

The people in the diocese are mainly substance peasants and semi – nomadic herdsmen who main economic activity is traditional farming, growing mainly drought resistance crops – sorghum, millet, maize and sunflower, thus earning less than a dollar per day and therefore living on an average per capital income below US 140. The above atmosphere suggests the inability of the diocese to finance all her pastoral activities including education of the people found within the diocese.

## 2. BRIEFLY HISTORY OF CONGREGATION

The Missionaries of the Precious Blood is a congregation found by St. Gaspar de Buffalo in 1815. In Tanzania, Missionaries of the Precious Blood came in 1966 and started the first mission at Manyoni Singida diocese. Later 1972 started the new mission at **Itigi**.

### 2.1. PROBLEM IDENTIFICATION

The population of Itigi which increases with a rate of 50% per year brings concern. The government alone cannot manage to enroll all children due to fewer schools which are found within Itigi town and vicinity. For this reason Missionaries of the Precious Blood due to their spirituality of cry of blood found themselves obliged to respond to this need.

Most of the children especially from vulnerable environment and poor family in Itigi Parish are unable to achieve good education due to lack of primary schools within the area and most of the families are very poor thus earning less income than a dollar per day hence they unable to afford education expenses for their children.

### 2.2. PROJECT OBJECTIVES/GOALS
